IDEAS

RELATING TO CARE AND SHARE BADGE THEME

Care And Share Challenge

The Joey Scout motto is Help Other People.

One way in which Joey Scouts can help other people is through participating in a Care and Share activity. A month of activities are organised for the Mob, to help the Joey Scouts to understand the concept of caring and sharing in the community.

The Joey Scouts are introduced to different levels of caring and sharing, for friends, for the Scout Group, for the community... they learn that even small contributions add up and can make a difference. As part of this Challenge they might visit a local nursing home or contribute a special toy to a toy library, help to tidy up the local park, or share something special with the Mob, a new story, or a new game. Helping a friend is Caring and Sharing too.

Some ideas for Caring and Sharing

Through active participation with the wider community:

- Old peoples home visits to distribute Easter eggs, flowers, concerts etc.
- Hospital visits - Children's ward. or an Animal Refuge.

Joey Scouts will be able to recycle a personal toy/game/book etc, that they would like to donate to a charity of the Mob's choice (The Salvation Army, Children's ward):

Food donation bought from home to distribute to Smith Family, or Salvation Army.

Pet food - Have a visitor from the RSPCA talk in regard to looking after pets.

Look after the appearance of the Scout Hall and its surroundings (gardens etc):

- Do an Emu parade around Scout Hall environs, or water the garden plants during Mob meeting

Share your Mob with another Mob through communication:

- Letters, booklets, photos, e-mail, video, banner. (Not to meet other Mob)

Ask a friend (with parent approval) to share Joey Scouts.

- Sharing a favourite game to be played e.g. board or totem tennis etc.
- Share/bring photo of pet - story to tell
